SUBJECT INDEX 1983

Accommodation, vitreous role in 206
***Acinetobacter anitratus*:**
antibiotic susceptibilities 125
endophthalmitis, injury and 124
Acquired immune deficiency syndrome (AIDS), cytomegalovirus retinitis in 372
Acuity, visual:
in Alport's syndrome 494
argon laser photocoagulation in senile retinoschisis and 382
assessment, new picture method for 131, 638
bilateral iridectomy in acute glaucoma and 368
contrast sensitivity and 134
good, papilloedema and, in Hunter's syndrome ... 174
improvement in amblyopes, CAM and occlusion treatment compared 179, 184
contact lenses in congenital nystagmus and 834
loss in amblyopia, abnormal evoked potential latencies and 310
prediction in cataract patients, interferometers compared 273, 786, 787
retinal, value in predicting post-cataract extraction Snellen acuity 273
Snellen, post-extraction, value of retinal acuity in predicting 273
Acyclovir:
betamethasone and, in herpetic disciform keratitis, double-blind trial 115
topical, steroid therapy compared with, in herpes zoster keratouveitis 746
Adaptometer, static, automated, light emitting diodes and 431
Adenovirus:
conjunctivitis, acute, serum and tear immunoglobulin levels in 195
infection: form of conjunctivitis in 4
ocular: papillary and follicular responses, severity, in 5
patient age and 2
sources 3
systemic disease and 3
keratoconjunctivitis, London, clinical and epidemiological features 1
serotypes: in hospital outbreak 1
isolated from ocular infections in London 111
ocular: annual distribution, London 112
non-ocular and, seasonal incidence, London 113
seasonal distribution 2
Adolescents, severe diabetic retinopathy in, case series 73
β-Adrenergic receptor, subtypes, intraocular pressure and 557
Afro-Asian Journal of Ophthalmology 208
Age/Ageing:
adenovirus serotype and 2
cause of blindness and, in west of Scotland 211
corneal arcus and 793
glaucomatous blindness in Negev and 535
lid, Merkel cell carcinoma, and 600
prevalence and incidence of retinopathy in diabetic males and 759, 761
AIDS:
cytomegalovirus retinitis in 372
herpes virus particles in retinal cell nucleus in 374
Allergens, prick tests to, vernal keratoconjunctivitis with dissimilar immunopathology and 743
Alport's syndrome:
a hereditary disorder of basement membranes? ... 493
ocular manifestations 493
Amblyopia:
abnormal evoked potential latencies in 310
consecutive exotropia and 546
tobacco, spectral threshold measurement and 505
treatment, CAM and occlusion compared 178, 181
Ametropia, planned, intraocular lens power calculation for 255
Amphotericin B, retinochoroidal cryptococcosis and 159
Anaemia, sickle cell, spontaneous peripheral chorioretinal neovascularisation and 107
Anatomy, ocular, wall chart 272
Angiogenesis, induction, angiogenesis factor from bovine retina and human tumours and 286, 290
Angiography, fluorescein:
in Alport's syndrome 493, 496
birdshot retinochoroidopathy and subretinal neovascularisation and 464
chorioretinal neovascularisation, spontaneous, peripheral, and, in sickle cell anaemia ... 107, 109
choroidal transitional cell carcinoma, presumed metastatic, and 831
in Coats's disease 767
cytomegalovirus retinitis in AIDS and 376
diabetic retinopathy in adolescents and 76
familial exudative vitreoretinopathy and thrombocytopathy and 755
fundus, early findings, in traumatic retinopathy ... 119
granular cell myoblastoma arising in medial rectus and 18
iris, lens capsule pseudoexfoliation and 249
macular lesions in multifocal fibrosclerosis and .. 293, 294
macular vasculature in homozygous sickle cell disease and, alpha thalassaemia and 779
morning glory syndrome and 344
optic neuropathy, ischaemic, in pulseless disease 389
papilloedema in Hunter's syndrome and 175, 176
peripapillary burns during panretinal photocoagulation, severe visual loss and 518
radiation retinopathy in posterior nasal space carcinoma and 611
retinal necrosis, acute 456, 457
retinal nonperfusion in sickle cell retinopathy in children and, search for prognostic factors and 782
retinal pigment epithelium pigmented pattern dystrophy 539, 540
retinal radiation perivasculitis, and 611
subretinal neovascular membrane: angioid streaks in thalassaemia and 30
in ocular sarcoidosis 9
sunburst spot, sickle cell/hereditary persistence of fetal haemoglobin syndrome and 777
uveal melanocytoma and 241
in Waldenström's macroglobulinaemia 103, 105
Angioid streaks:
in beta thalassaemia major 29
choroidal neovascular membranes, laser treatment, and 558
pathogenesis, in haemoglobinopathies 29
thalassaemia major and 558

Anisometropia, central fixation and, CAM and occlusion treatment compared and 182
Ankylostomiasis, Mooren's ulcer and, in Sierra Leone 475
Anterior chamber:
depth, intraocular lens contact with corneal endothelium and 652
perfusion: hypothermic, in-vivo, corneal endothelial morphology and (cat) 804
ocular hypothermia and (rabbit) 808, 810, 811
pigment in, self-healing cutaneous malignant melanoma and 231
temperature changes, perfusion with cooled solution and (rabbit) 808
Antiprostaglandins, topical, fistulising surgery, outcome, and 655
Anxiety states, ophthalmic symptoms 554
Aphakia:
corneal mesodermal metaplasia and 320
corneal thickness response to high and low water content contact lenses in 317
lens capsule pseudoexfoliation, iris vasculature occlusion and 249
retinal detachment, prevalence, in 43
Aqueous humour:
betamethasone concentrations in 203
clobetasone butyrate concentration in 203
NMR imaging 336
Arden plates, instructions, disadvantages 134
Artery, carotid, internal, histology in ischaemic optic neuropathy in pulseless disease 391
Astigmatism, after retinal detachment surgery, survey 327
Ataxia, spastic, hereditary, congenital miosis and, pedigree 97
Atenolol:
oral, 3 dosages compared for ocular hypotensive effects 664
amendment to second paragraph 843
Audiometry, retinopathy of Alport's syndrome and 493
Augendiest, by G. Bartisch, facsimile 272
Auto-ophthalmoscopy, simple method for 330
Autoradiography, fate of insulin in bovine retina and 80
Awards:
Glaucoma Group Research Grant 640
Glaucoma group travel fellowship 332
History of Ophthalmology Prize 843
Azelaic acid, ocular and adnexal malignant melanoma and 54

Bacteria/Bacterial:
infection, ocular, acute, aetiology and treatment 191
percentage antibiotic resistance rates, in different ocular infections 191
percentage isolation rates in different ocular infections 191
Basement membrane, hereditary disorder, in Alport's syndrome 493
BCNU, sustained release, experimental intraocular melanoma and 479
Betamethasone:
acyclovir compared with, in herpes zoster keratouveitis 747
acyclovir with, in herpetic disciform keratitis 115
concentration in aqueous humour 203
Beta thalassaemia major, angioid streaks in 29
Biomicroscopy:
blue fleck corneal iridescence in Cogan's corneal dystrophy and 799
corneal endothelium, hypothermic perfusion and (cat) 804, 805
papillae, soft contact lens wear and 733
Bladder, transitional cell carcinoma, choroidal metastasis and 831
Blepharitis, *Staph. aureus* and 193
Blind/Blindness:
apparent, in infancy, delayed visual maturation and 127
causes, west of Scotland 209
glaucoma causing, in Negev, age, sex, and ethnic patterns 535
main causes, different countries 213
ocular sarcoidosis and 8
prevention, financial aid for projects on 272
prolonged, following orbital haemorrhage, treatment 549
registration forms, analysis 209
Blinking rate, low, normal guinea-pig 741
Blood:
coagulation, retinal vein occlusion and 137
platelet count, long-standing retinal vein occlusion and 137
platelet factor 4 level, in retinal vein occlusion 143
pressure, diastolic, correlation with corneal arcus 795, 796
viscosity, abnormal, long-standing retinal vein occlusion and 137
Boberg-Ans intraocular lens, retrospective study 646
Body weight, low, vaso-occlusion in sickle cell retinopathy and, in Jamaican children 784

Bowman's layer, fragmented, keratoconus recurrence after keratoplasty and 25
British Journal of Ophthalmology, abstracts, in Review of Medical and Veterinary Mycology ... 560
British National Committee for the Prevention of Blindness, financial aid for projects from 272
Burns:
alkali, cornea, pathogenesis, immune system and (mouse) 635
peripapillary, sudden severe visual loss and, panretinal argon photocoagulation and 517

CAM treatment, occlusion compared with, in amblyopia 178, 181
Candida endophthalmitis, heroin addict and 306
Carbohydrate metabolic intolerance, severity, retinopathy in diabetes and 759
Carcinoma:
Merkel cell, lid 600
posterior nasal space, radiotherapy in, retinopathy following 609
transitional cell, choroidal, presumed metastatic .. 830
Carmustine, sustained-release, experimental intraocular melanoma and 479
Cataract:
cause of blindness in west of Scotland 209
cortical, in ocular sarcoidosis 11
diabetic, NADPH-oxidising activity in lens and erythrocytes in 696
extraction: in Alport's syndrome, lens capsule analysis and 493

day-case ... 278
extracapsular; prevention of miosis in, indomethacin and ... 94
retinal detachment prevention and ... 43
trabeculectomy simultaneously with ... 67
visual acuity prediction and, interferometers compared ... 273, 786, 787
Cerebral palsy, optic atrophy and, in very-low-birth-weight infants ... 302
Cervical sympathectomy, ocular hypertension and ... 297
Child/Children:
black, response to therapy of vernal keratoconjunctivitis in ... 688
delayed visual maturation in infancy and ... 127
Jamaican, prognostic factors in sickle cell retinopathy and ... 782
newborn, chlamydial ocular infection in ... 700
premature, myopia in, with and without retrolental fibroplasia ... 170
trachoma in, in East Jerusalem ... 332
visual acuity assessment, new method, for ... 131
visually handicapped, teachers and ... 332
Children's Eye Group, formation ... 788
Chlamydia, ocular infection due to, in newborn ... 700
Chloramphenicol, value in acute bacterial ocular infection ... 191
Cholesterol levels, corneal arcus, size, and ... 795
Chorioretinal neovascularisation, spontaneous peripheral, sickle cell anaemia and ... 107
Choroid/Choroidal:
carcinoma, transitional cell, presumed metastatic ... 830
granulomas, ocular sarcoidosis and ... 8
mass, solitary, systemic sarcoidosis and ... 826
melanocytoma, resection, clinicopathological correlation and ... 236
melanoma: growth patterns ... 575
malignant, balloon cell, ultrastructural studies ... 579
prognosis, enucleation method, effect on ... 385
neovascular membranes, laser treatment, angioid streaks and thalassaemia and ... 558
thickening, sympathetic ophthalmia after retinal detachment surgery and ... 151
Ciliary body:
melanocytoma, resection, clinicopathological correlation and ... 236
melanoma, prognosis, enucleation method and ... 385
neurilemmoma, histological study ... 585
NMR imaging ... 336
Cinematography, high-speed, corneal endothelial contact with Federov lens implant and ... 650
Clobetasone butyrate, aqueous humour concentration ... 203
Cloxacillin, value in acute bacterial ocular infection ... 191
Coats's disease:
clinical, angiographic and histopathological findings ... 766
clinical management ... 766
photocoagulation in ... 766
Complement fixation test, adenovirus ocular infection and ... 6
Computers:
exhibition, O.S.U.K., April, 1984 ... 843
lacrimal scintigraphy data, compartmental analysis and ... 714
micro-, manual graphics tablet and, perimetry charts, assessment, and ... 226
model, relating ERG to psychophysical data in retinitis pigmentosa ... 410, 412
perimeter linked to ... 433
program, Goldmann perimeter chart isopters, calculation and display and ... 50
visual field evaluation and ... 50

Conjunctiva/Conjunctival:
epithelial cyst, accessory lacrimal gland dilatation causing ... 485
excision, for Mooren's ulcer, lamellar scleral autograft compared ... 475
fornices, protuberances in, normal guinea-pig eye . 738
inflammatory response, adenovirus infection and . 4
palpebral: hyperaemia, normal guinea-pig eye 737
oedema, normal guinea-pig ... 737
sac: compartment in lacrimal scintigraphy data analysis ... 714
tracer disappearance from, in lacrimal scintigraphy ... 714
tarsal, upper, papillary changes, soft contact lenses and ... 733
unusual features, normal guinea-pig ... 737
vessel, tortuosity, in pulseless disease ... 392
Conjunctivitis:
adenovirus, acute, serum and tear immunoglobulin levels in ... 195
form, in adenovirus infection ... 4
papillary, floppy eyelid syndrome and ... 264
purulent, *Chlamydia trachomatis* causing, in newborn ... 700
Contact lenses:
congenital nystagmus, management, and ... 834
high water content, corneal thickness response to, in aphakic eyes ... 317
low water content, corneal thickness response to, in aphakic eyes ... 317
soft, wear, papillae and, biomicroscopy ... 733
Contrast sensitivity:
measurement of visual function and ... 134
visual acuity and ... 134
Cooling system, for anterior chamber perfusion (rabbit) ... 809
Cornea/Corneal:
active fibroblasts in tissue planes surrounding Bowman's layer in pterygium and ... 604
arcus: age and time-dependence ... 789
in Alport's syndrome ... 494
correlation with diastolic blood pressure 795, 796
development, high-density lipoprotein levels and 789
dyslipoproteinaemia patterns and ... 792
frequency, sex and ... 795
hyperlipidaemia and, multivariate analysis 792
premature, hyperlipidaemia, secondary, and ... 789
relationship with hyperlipidaemia, clarification by familial hypercholesterolaemia studies 789
risk factors for coronary artery disease and 795
size, cholesterol and low-density lipoprotein levels in males and ... 795, 797
width, measurement, digitiser and ... 796
blue fleck iridescence, Cogan's microcystic dystrophy and ... 799
burns, alkali, pathogenesis, role of immune system in (mouse) ... 635
donor, recurrence of keratoconus in, after 22 years 23
dystrophy: Cogan's microcystic, blue fleck corneal iridescence in ... 799
lattice: keratoplasty in ... 629
late onset, pedigree ... 629
misdiagnosis ... 629
endothelium: cell loss, in herpes zoster keratouveitis ... 751
contact with Federov lens implant, cinematographic study ... 650
damage, prevention, methylcellulose and, in lens implantation ... 259
integrity, moderate hypothermia in vitreoretinal surgery and ... 807
morphology, hypothermic perfusion and (cat) .. 804
epithelium, hookworm and, circulating antibodies against, in Mooren's ulcer, in Sierra Leone 623
features, unusual, in normal guinea-pig ... 737
flecks, histology and ultrastructure, in Cogan's corneal dystrophy ... 799, 800
Krukenberg's spindle, retinal pigment epithelium pigmented pattern dystrophy and ... 538
metaplasia, mesodermal: bilateral ... 320
unilateral ... 320
Mooren's ulcer: ankylostomiasis associated with, in Sierra Leone ... 475
circulating antibodies against corneal epithelium and hookworm in, in Sierra Leone ... 623
Sierra Leone, conjunctival excision or lamellar scleral autograft in ... 475
opacities, trisomy 8 mosaic syndrome and ... 619
signs, prevalence, adenovirus infection and 6
stroma: fine superficial vessels, in normal guinea-pig eye ... 738
keratocytes, abnormal, keratoconus in donor cornea and ... 25
thickness, response to high and low water content contact lenses, in aphakia ... 317
Corrigenda, ... 272, 560, 788, 843
Corticosteroids:
sodium cromoglycate and, in vernal keratoconjunctivitis in black children ... 688
therapy, topical, in glaucoma, fluorometholone recommended as ... 661
Courses (*see also* Congresses):
Contact Lens Technology Course, Baylor College of Medicine, Houston, December, 1983 ... 712
Course in clinical vision research, Florida, April, 1983 ... 72
Course on contact lens fitting, New Orleans, May, 1984 ... 640

Course in neuro-ophthalmology, London, July, 1983 ... 72
Cryocoagulation, in Coats's disease ... 766
Cryoglobulin, formation, Waldenström's macroglobulinaemia and ... 102
Cryptococcosis:
amphotericin B and 5-fluorocytosine and ... 159
pulmonary and retinochoroidal ... 157
uveitis and ... 159
Cushing's syndrome, iatrogenic, Graves's ophthalmopathy and, lid, squamous cell carcinoma, in 596
Cyst, of accessory lacrimal gland ... 485
Cytomegalovirus:
immunoperoxidase localisation ... 375
retinitis, manifestation of AIDS ... 372

Dacron, degradation by ocular tissue extracts, scanning electron microscopic study ... 542
Dacryocystography, nature of obstruction diagnosed by ... 726
Dacryocystorhinostomy, patent, in epiphora 721, 722
DAN, *see* diacetyl nadolol
Dark adaptation, curves, automated adaptometer using light emitting diodes and ... 434
Dark adaptometry, night vision in vitamin A deficiency and ... 37, 38
Depression, ophthalmic symptoms ... 554
Dermatitis, periorbital, diacetyl nadolol causing 668, 671

Dexamethasone:
connective tissue diseases and, high positive steroid response and ... 487
0·1%, fluorometholone 0·1% and, effects on intraocular pressure compared ... 661
Diabetes:
cataract and, NADPH-oxidising activity in lens and erythrocytes in ... 696
category: duration and, prevalence of retinopathy and ... 762
retinopathy, types, distribution and, in middle-aged and elderly males ... 763
duration, incidence of retinopathy and ... 759
small pupil of, neuropathic aetiology ... 89
Diacetyl nadolol:
side-effects ... 668, 671
timolol and nadolol compared with, in glaucoma ... 668
Digitiser, corneal arcus, width, measurement with ... 796
Diplopia, psychoneurosis and ... 555
Disease:
cardiovascular, corneal arcus and ... 790, 793
connective tissue, steroid responsiveness in ... 487
coronary artery, risk factors for, corneal arcus and 795
ocular epidemiology, publications on ... 640
pulseless, ischaemic optic neuropathy in ... 389
systemic, ocular adenovirus infection and ... 3
Disinfection, tonometer, viruses and ... 674
Drug addict:
Candida endophthalmitis in ... 306
Dry eyes, *see* Eye/Eyes

Edwards's syndrome, intraocular pathology ... 162
EEC, delayed visual maturation in infancy and ... 128
Electron microscopy:
blue fleck corneal iridescence in Cogan's corneal dystrophy and ... 800
choroidal balloon cell malignant melanoma ... 579, 581
corneal button, keratoconus recurring after keratoplasty and ... 25
corneal endothelium, hypothermic perfusion and (cat) ... 804, 805
granular cell myoblastoma arising in medial rectus lid, Merkel cell carcinoma ... 601
preretinal membrane in ocular sarcoidosis ... 8, 10
pterygium ... 604
retinal capillary, insulin and (cattle) ... 81
retinal cell nucleus, herpes virus particles in, AIDS and ... 374
scanning, Dacron degradation by ocular tissue extracts ... 542
Electroretinography (ERG):
abnormalities, detection in heterozygotes for X-linked retinitis pigmentosa ... 424
in Alport's syndrome ... 493
b-wave, amplitude, relation with *a*-wave amplitude, index for evaluation ... 443
in retinitis pigmentosa ... 417
comparative, argon laser and xenon panretinal photocoagulation and ... 520
delayed visual maturation in infancy and ... 127
evaluation, *b* wave and *a* wave amplitudes, relationship in ... 443
night vision in vitamin A deficiency and ... 37, 38
retinal pigment epithelium disorders in vitiligo and 154
technique: modified, X-linked retinitis pigmentosa and ... 419
relation between scotopic *b* wave amplitude and stimulus light intensity and ... 419
testing, dominantly inherited retinitis pigmentosa and, psychophysical tests compared ... 405
Encephalocele, basal:
laminography ... 350
morning glory syndrome and ... 349
Endophthalmitis: *Acinetobacter anitratus* causing 124
Candida: in heroin addict ... 306
treatment ... 306
Enolase isoenzymes, malignancy in uveal melanoma and ... 244
Enucleation:
method: effect on choroidal melanoma prognosis 385
specific, for tumour-containing eyes ... 386
wire snare used for ... 386
Enzyme-linked immunosorbent assay, lactoferrin levels in normal tears and ... 199
Epiphora:
diagnosis, lacrimal scintigraphy and ... 720
lacrimal canalicular obstruction, incidence, in ... 720
Erythrocytes:
NADPH-oxidising activity in, diabetic and non-diabetic cataract patients and ... 696
phagocytosing, intraocular lens implants and ... 641
Ethnic patterns, glaucomatous blindness in Negev and 535
Exotropia, consecutive, following surgery ... 546
Eye/Eyes:
dry: in oculomucocutaneous syndrome, slow-release artificial tear inserts for ... 393
vital staining and ... 842
painful, psychoneurosis and ... 555
Eyelid/Eyelids *see* Lid/Lids

Face, Merkel cell carcinoma, elderly and ... 600
Fasanella-Servat operation, modified technique and quantitative approach ... 58
Fetal haemoglobin syndrome, sickle cell/hereditary persistence, retinal changes in ... 777
Fibroblast-like cells, on lens implant ... 641
Fibroblasts:
active, in pterygium ... 604
subretinal neovascular membrane in ocular sarcoidosis and ... 13
Fibrosclerosis, multifocal, suprasellar and macular lesions and ... 292
Fields, visual:
computerised evaluation ... 50
defects: comparison in low-tension and chronic simple glaucoma ... 818
glaucomatous: identification: monocular optic disc photographs and ... 822
monocular and 'stereoscopic' optic disc photographs compared and ... 677
differential threshold changes during prolonged perimetry in glaucoma and ... 512
loss in senile retinoschisis, argon laser treatment and ... 381
recurrent anterior ischaemic optic neuropathy and ... 706
slight injury and ... 121
survival: approximation from Goldmann perimetry charts, radial summation system for ... 221
intraocular pressure measurement compared, as guide to glaucoma progress ... 220
quantification, method ... 220
timolol in open-angle glaucoma and ... 220
Film, video, glaucoma patient education and ... 814
Fistulising bleb:
evolution, topical antiprostaglandins and ... 655
grading, photographic method for ... 655, 656

Fixation, in amblyopia, CAM and occlusion treatment compared and ... 185
Floppy eyelid syndrome ... 264
Fluorescein angiography, *see* Angiography, fluorescein
5-Fluorocytosine, retinochoroidal cryptococcosis and 159
Fluorometholone, 0·1%, dexamethasone 0·1% and, intraocular pressure effects compared ... 661
Fluorophotometry, iris, in lens capsule pseudoexfoliation ... 249
Foot...ll, ocular injuries and ... 838
Foreign body, intraocular:
gold ... 398
steel, *Acinetobacter anitratus* endophthalmitis and 124
tolerance, high, normal guinea-pig eye ... 741
Fundus:
angiography, early, in traumatic retinopathy ... 119
findings, in Alport's syndrome ... 495
posterior, oedema, morning glory syndrome and visual loss and ... 343
reflectometry, retinitis pigmentosa and ... 417
self-examination, ophthalmoscope and plane mirrors for ... 330
venous engorgement, in Waldenström's macroglobulinaemia ... 103

Gay bowel syndrome, cytomegalovirus retinitis in ... 372
Genetic analysis, retinitis pigmentosa ... 449
Glaucoma:
acute, bilateral simultaneous iridectomy as day-case procedure in ... 367
angle-closure, acute, fellow eye in ... 400
blindness due to: in Negev, age, sex and ethnic patterns and ... 535
in west of Scotland ... 209
chronic: management, optic grid reference system and, evaluation ... 356
simple: likelihood in ocular hypertension, postural intra-ocular pressure elevation and 363
treatment, timolol 0·25% and 0·5% compared 216
visual field defects in, comparison with low-tension glaucoma ... 818
computerised evaluation of visual fields and ... 52
differential threshold changes in, prolonged perimetry and ... 512
effect of pindolol and timolol on intraocular pressure in ... 228
field defects, identification, in: monocular optic disc photographs and ... 822
monocular and 'stereoscopic' optic disc photographs compared in ... 677
fistulising bleb, grading, photographic method for ... 655, 656
fluorometholone as topical therapy in ... 661
Group Research Grant ... 640
group travel fellowship ... 332
low-tension, visual field defects in, comparison with chronic simple glaucoma ... 818
neovascular, panretinal photocoagulation and trabeculectomy in ... 526
open-angle: chronic, compliance with treatment and ... 46
continuous contrast threshold measurement in, changes and ... 512
timolol therapy in, visual field survival and ... 220
patient: education ... 814
video film and ... 814
knowledge, American and English compared ... 814
progress under treatment: field survival measurement as guide to ... 220
intraocular pressure measurement as guide to ... 220
prophylactic iridectomy and ... 367
questionnaire for patients ... 814
Rieger's syndrome and, four-generation family ... 529
rubeotic, severe diabetic retinopathy in adolescent and ... 74
screening: monocular optic disc photograph examination and ... 822
optic disc grid for ... 352
regular, for males, steroid responsiveness in connective tissue disease and ... 487
secondary, acute retinal necrosis and ... 455
surgery, fistulising, outcome, topical antiprostaglandins and ... 655
treatment: atenolol, 3 dosages compared ... 664
diacetyl nadolol, timolol, and nadolol compared in ... 668
Globe, injury, water jet from irrigation sprinkler causing ... 840
Glyceraldehyde reductase activity, in diabetic and nondiabetic cataract patients ... 696
Graticule, incorporated into ophthalmoscope, cup/disc ratio evaluation with ... 214
Graves's disease, 'malignant' ophthalmopathy of, squamous cell lid carcinoma simulating ... 596
Great Britain, uveitis, aetiology, in, hepatitis B virus and ... 685
Guinea-pig, normal, unusual features in cornea and conjunctiva in ... 737

Haemochromatosis, thalassaemia intermedia and, angioid streaks and macular scarring and ... 558
Haemorrhage, intraocular:
lens implant removal due to, fibroblast-like cells and ... 641
vitrectomy after combined posterior contusion and penetrating injury and (pig) ... 282
Haemostasis, abnormal, long-standing retinal vein occlusion and ... 137
Hallucinations, timolol treatment in chronic simple glaucoma and ... 217
Headache, psychoneurosis and ... 555
Hearing loss, Usher syndrome and ... 449
Height, vaso-occlusion in sickle cell retinopathy and, in Jamaican children ... 784
Hepatitis B virus, status in aetiology of uveitis in Great Britain ... 685
Heredity:
Alport's syndrome and ... 493, 501
lattice corneal dystrophy, late onset, pedigree ... 629
Heroin addict, Candida endophthalmitis in ... 306
Herpes:
virus, particles in retinal cell nucleus, AIDS and ... 374
zoster: keratouveitis: endothelial cell loss in ... 751
topical acyclovir and steroid therapy compared in ... 746
Homeostasis, complex failure, large rises in lying intraocular pressure and ... 364
Homosexuals, cytomegalovirus retinitis in AIDS in ... 372
Hookworm, circulating antibodies against, in Mooren's ulcer, Sierra Leone ... 623
Hormone, human growth:
distribution and binding in bovine retina ... 80
role in diabetic microangiopathy ... 87
Horner's syndrome, ocular sympathetic denervation and hypertension and ... 297
Hunter's syndrome:
papilloedema and ... 174
pigmentary retinopathy in ... 177

Hurling, ocular injuries and 837
Hypercholesterolaemia, familial, relationship between corneal arcus and hyperlipidaemia, clarification, and 789
Hyperlipidaemia:
corneal arcus and, multivariate analysis 792
corneal arcus, relationship with, clarification by familial hypercholesterolaemia studies 789
secondary, premature corneal arcus and 789
Hyperlipoproteinaemia, effects on retina and optic nerve (monkey) 32
Hypertension:
in adolescents with severe diabetic retinopathy ... 73
ocular: ocular sympathetic denervation in 297
pigmentary dispersion syndrome and retinal pigment epithelium pigmented pattern dystrophy and 538
posture and 362
treatment, atenolol, 3 dosages compared 664
recurrent anterior ischaemic optic neuropathy and 706
Hypertriglyceridaemia, recurrent anterior ischaemic optic neuropathy and 706
Hyphaema, hurling injury and 838
Hypopyon, black, bilateral, self-healing cutaneous malignant melanoma and 231
Hypothermia, ocular, anterior chamber perfusion and (rabbit) 808

Immune system, role in corneal alkali burn pathogenesis (mouse) 635
Immunodeficiency, partial, orbital lymphoproliferative lesions and 561
Immunoglobulin:
E, tear and serum, in cases of vernal keratoconjunctivitis with dissimilar immunopathology 743
levels: serum, hookworm and corneal epithelium antibodies and, in Mooren's ulcer 624
tear and serum, in adenovirus conjunctivitis 195
Immunological study:
proptosis due to intraorbital lesions composed of lymphoid tissue 561
self-healing cutaneous malignant melanoma and .. 232
Immunoperoxidase technique, staining of uveal melanoma for γ enolase by 244
Immunosorbent assay, enzyme-linked, lactoferrin levels in normal tears and 199
Immunosuppressive therapy, in Graves's ophthalmopathy, lid carcinoma growth enhanced by 598
Implant:
lens, *see* Intraocular lens
orbital, magnetic 315
Indomethacin:
prostaglandin synthesis inhibition by 96
surgically induced miosis, prevention, and 94
Infants:
delayed visual maturation in 127
very-low-birth-weight, ocular morbidity in 302
Infection, ocular:
bacterial, acute, aetiology and treatment 191
chlamydial, in newborn 700
Injury, ocular:
Acinetobacter anitratus endophthalmitis after 124
distribution and type, sport and 838
organised sport in rural area and 837
penetrating and posterior contusion combined vitrectomy trial in (pig) 282
traffic accident, traumatic retinopathy and persistent ring scotomata and 119
water jet from irrigation sprinkler causing 840
Insulin:
distribution and binding, in bovine retina 80
fate in retina, autoradiographic study, bovine eye 80
infusion, continuous subcutaneous, effect on diabetic retinopathy 491
Interferometers, compared, visual acuity prediction in cataract patients and 273, 786, 787
Intraocular lens:
Boberg-Ans, retrospective study 646
Federov, contact with corneal endothelium, cinematographic study 650
fibroblast-like cells on 641
implant cytology technique 641
implantation, methylcellulose and 259
iris-clip, aphakic retinal detachment, development and 43
movement within anterior chamber, corneal contact and 653
phagocytosing erythrocytes and 641
power, calculation, for planned ametropia 255
tilt, corneal contact and 653
Intraocular pressure:
β-adrenergic receptor subtypes and 557
betamethasone and clobetasone butyrate, pharmacokinetics and 203
change, atenolol and 664
in chronic simple glaucoma, topical 0·25% and 0·5% timolol compared and 217
fluorometholone 0·1% and dexamethasone 0·1%, effects on, compared 661
high, transient, in herpes zoster keratouveitis, endothelial cell loss and 753
measurement in different positions, ocular hypertension evaluation and 362
measurement as guide to glaucoma progress under treatment 220
methylcellulose used in lens implantation and 261
pindolol and timolol and, in glaucoma 228
regulation, sympathetic nervous system and 297
visual field survival and, glaucoma progress and ... 220
Iridectomy:
bilateral simultaneous, as day-case procedure in acute glaucoma 367
prophylactic 367
Iridocyclitis, granulomatous, serum antibody responses to bovine retinal S-antigen in 681
Iridogoniodysgenesis, autosomal dominant, somatic anomalies and, in four-generation family 529
Iris:
atrophy, radial, pigmented pattern dystrophy of retinal pigment epithelium and 538
fluorescein angiography, in lens capsule pseudoexfoliation 249
fluorophotometry, in lens capsule pseudoexfoliation 249
granulomas, in ocular sarcoidosis 8, 11
hypoplasia 531
in four generations 529
melanocytoma, resection, clinicopathological correlation and 236
stroma, hypoplastic, in trisomy 18 165
trauma, intraoperative, prostaglandin synthesis due to, miosis and 95
vasculature, occlusion, lens capsule pseudoexfoliation and 249
Irradiation:
retinopathy, posterior nasal space carcinoma therapy and 609
ultraviolet, pterygium recurrence and 607

Isoenzymes, enolase, malignancy in uveal melanoma and ... 244
Isopropyl alcohol, tonometer disinfection and, viruses and ... 675

Jamaica, children, prognostic factors in sickle cell retinopathy in ... 782
Jerusalem:
East, trachoma among children in ... 332
Institute for the Prevention of Blindness ... 136

Keratic precipitates, endothelial changes in herpes zoster keratouveitis and ... 752
Keratitis:
herpes simplex, lattice dystrophy mistaken for ... 629
punctate, subepithelial, adenovirus serotype and ... 5
Keratoconjunctivitis:
adenovirus, clinical and epidemiological features, London ... 1
floppy lid ... 264
vernal: dissimilar immunopathology in ... 742
extrinsic ... 742
idiopathic ... 742
limbal form, South African black children ... 688
response to therapy in black child ... 688
Keratoconus:
on-lay lamellar keratoplasty for ... 615
recurrence: in donor cornea after 22 years ... 23
after keratoplasty, electron-microscopic findings in ... 25
Keratometry, on-lay lamellar keratoplasty in keratoconus and ... 615
Keratopathy, punctate, floppy eyelid syndrome and 264
Keratoplasty:
on-lay lamellar, in keratoconus ... 615
penetrating: corneal lattice dystrophy and ... 629
in *Mycobacterium chelonei* keratitis ... 324
successful, recurrence of keratoconus 22 years after ... 23
Keratoprosthesis:
complications ... 471
intralamellar, visual acuity with ... 470
long-term review ... 468
penetrating, visual acuity with ... 470
retention time ... 471
Keratouveitis:
herpes zoster: endothelial cell loss in ... 751
topical acyclovir and steroid therapy compared in ... 746
Ketoconazole, in Candida endophthalmitis ... 306, 307

Lacrimal:
canalicular obstruction, incidence in epiphora ... 720, 721, 722
drainage: physiological aspects, scintigraphy and ... 729
system, abnormality, epiphora and ... 720
gland: accessory, cyst ... 485
NMR images ... 340
punctae, occluded, in trisomy 8 mosaic syndrome 620
sac: compartment in lacrimal scintigraphy data analysis ... 714
drainage from, into nose, mechanism ... 729
obstruction, epiphora and ... 721, 722
scintigraphy: data compartmental analysis ... 713
epiphora diagnosis and ... 720
nature of obstruction diagnosed by ... 726
normal flow values for ... 725
physiological aspects of lacrimal drainage and ... 729
surgical procedures on patients referred for ... 725
systems: obstructed, scintigraphy data compartmental analysis in, reflux and ... 713
scintigraphy data, linear compartmental analysis 713
Lactoferrin, levels in normal tears ... 199
Laminography, basal encephalocele ... 350
Laser:
argon, photocoagulation, for senile retinoschisis ... 381
interferometry, postoperative acuity prediction in cataract patients and ... 283, 786, 787
Lens (crystalline):
aldehyde dehydrogenase activity, diabetic and nondiabetic cataract patients and ... 696
aldose reductase activity, diabetic and nondiabetic cataract patients and ... 696
capsule, pseudoexfoliation, iris fluorescein angiography and fluorophotometry in ... 249
NADPH-oxidising activity in, diabetic and nondiabetic patients with cataract and ... 696
NMR imaging ... 336
surface: anterior, concave, in trisomy 18 ... 165
posterior, convex, in trisomy 18 ... 165
Lens implant, *see* Intraocular lens
Lenticonus, Alport's syndrome and, basement membrane, hereditary disorder and ... 493
Lid/Lids:
canthus, temporal, reconstruction, after tumour excision ... 267
carcinoma, squamous cell, simulating 'malignant' Graves's ophthalmopathy ... 596
clamp, tarsorrhaphy ... 61
cystic lesion, histological examination in elderly ... 603
floppy, syndrome ... 264
margin, eversion, tarsorrhaphy lid clamp and ... 61
Merkel cell carcinoma, elderly and ... 600
reconstruction, tumour excision and ... 267, 601
shortening, corneal metaplasia and ... 320
tarsal plates, support for, lid tumour excision and 267
Light-emitting diodes:
automated static perimeter/adaptometer using ... 431
components used to drive ... 433
visual field examination and ... 406
Linear compartmental analysis, lacrimal scintigraphy data ... 713
Lipaemia retinalis, hyperlipoproteinaemia and (monkey) ... 32
Lipoproteins:
high-density, plasma levels, corneal arcus development and ... 789
low-density, levels, corneal arcus, size and ... 795, 796
London, adenovirus keratoconjunctivitis in ... 1
Lungs, cryptococcosis, retinochoroidal involvement and ... 157
Lymph node biopsy, systemic sarcoidosis and ... 827
Lymphoid cells, accumulation, in normal guinea-pig eyes ... 737
Lymphoid tissue, intraorbital lesions composed of, immunological study ... 561
Lymphoma, proptosis due to, diagnosis, immunological study ... 561

Macroglobulinaemia, Waldenström's, irreversible visual loss in ... 102
Macrophages, free-moving, settling on lens implant, phagocytic abilities ... 641
Macula/Macular:
degeneration: senile, main cause of blindness in west of Scotland ... 209
spectral thresholds in ... 508
detachment, serous, in Waldenström's macroglobulinaemia ... 102

haemorrhage beneath, ocular sarcoidosis and 8
holes: retinal detachment arising from, treatment, advances 147
tamponade with gas bubble, retinal detachment surgery and 147
lesions, multifocal fibrosclerosis and 292
subretinal haemorrhage, angioid streaks and, in thalassaemia 30
vasculature, in homozygous sickle cell disease, homozygous alpha thalassaemia 2 and 779
Maculopathy, slight injury causing 119
Malabsorption, vitamin A deficiency due to, night vision in 37
Maxillary hypoplasia, Rieger's syndrome and, in four generations 533
Melanocytoma, uveal, resection, clinicopathological correlation and 236
Melanoma:
choroidal: balloon cell, ultrastructural studies 579
growth patterns 575
prognosis, enucleation method and 385
ciliary body, enucleation method and 385
Greene hamster, implanted in rabbit anterior chamber, treatment, sustained-release carmustine 479
malignant: adnexal, treatment, azelaic acid and ... 54
cutaneous, self-healing, black hypopyon and ... 231
ocular, treatment, azelaic acid and 54
Methylcellulose:
chemistry, preparation for intraocular use and 259
corneal endothelium damage in lens implantation and 259
Michaelson Institute for the Prevention of Blindness 136
Microbial flora, aerobic, analysis in acute ocular infection 191
Microphthalmos, corneal mesodermal metaplasia and 320
Microscopy: electron, *see* Electron microscopy
specular, *see* Specular microscopy
Migraine, psychoneurosis and 555
Miosis:
congenital, hereditary spastic ataxia and, pedigree 97
ocular sympathetic denervation and hypertension and 297
surgically induced, prevention, indomethacin and 94
Morbidity, ocular, very-low-birth-weight infants 302
Morning glory syndrome:
acute 343
basal encephalocele and 349
contractile peripapillary staphyloma and 346
Motor development, general delays, infants 128
Movements, ocular:
recording, infrared, congenital nystagmus in twins and 694
saccadic, delayed visual maturation in infancy and 129
Muscles, extra-ocular:
medial rectus: granular cell myoblastoma arising in 17
limitation after surgery, consecutive exotropia and 547
NMR images 339
Mycobacterium chelonei, keratitis, penetrating keratoplasty in 324
Myiasis, ocular, sheep's bot fly and 332
Myoblastoma:
granular cell: histogenesis, primitive mesenchymal cells and 17, 20
medial rectus and 17
Myopia:
aphakic retinal detachment and 43
in premature infants, retinopathy of prematurity and 170
very-low-birth-weight infants 302
Myopic degeneration, cause of blindness in west of Scotland 209

Nadolol, diacetyl nadolol and timolol compared with, in glaucoma 668
NADPH-oxidising activity, in lens and erythrocytes, diabetic and nondiabetic patients with cataract and 696
Nasal:
cavity, compartment in lacrimal scintigraphy data analysis 714
space, posterior, carcinoma, radiation retinopathy following 609
Nasolacrimal duct:
compartment in lacrimal scintigraphy data analysis 714
obstruction: in epiphora 721, 722
normal asymptomatic subjects, scintigraphy and 729
Negev, glaucomatous blindness in, age, sex, and ethnic patterns and 535
Neurilemmoma, ciliary body, histological study 585
Neuritis, retrobulbar, spectral threshold measurement and 504, 506
Night vision, vitamin A deficiency due to malabsorption and 37
Nose (*see also* Nasal), malformation, mesodermal corneal metaplasia and 320, 322
Nuclear magnetic resonance imaging:
orbit 333
principles 333
Nystagmus:
congenital: idiopathic, in identical twins 693
management, contact lenses and 834

Obesity, floppy eyelid syndrome and 264
Obituaries:
CAMERON, ERNEST HUGH 491
PENMAN, GERARD GILES 271
SAVIN, LEWIS HERBERT 842
Occlusion, CAM treatment compared with, in amblyopia 178, 181
Oculomucocutaneous syndrome, slow-release artificial tear inserts for dry eye in 393
Ophthalmia:
neonatorum 702
sympathetic, after retinal detachment surgery, clinical and histopathological report 150
Ophthalmic vein, superior, NMR images 340
Ophthalmoscope/Ophthalmoscopy:
auto-, simple method 330
graticule incorporated into, cup/disc ratio evaluation with 214
Optic:
atrophy: cerebral palsy and, very-low-birth-weight infants 302
spectral threshold measurement and 504
cup/disc ratio: evaluation, graticule incorporated into ophthalmoscope for 214
low-tension and chronic simple glaucoma patients compared 821
optic disc grid evaluation and 356
variation, chronic glaucoma and 358
disc: cup, large, in trisomy 8 mosaic syndrome 620
grid: evaluation in reproducibility studies on cup/disc ratio 356
for glaucoma screening 352
neuroretinal rim thinning at, glaucomatous field defect identification and 822, 823
oedema, in Waldenström's macroglobulinaemia 103

oedematous, in recurrent anterior ischaemic optic neuropathy ... 706
photographs: monocular, glaucomatous field defects, identification from ... 822
monocular and 'stereoscopic' compared, glaucomatous field defects, identification and ... 677
nerve: atrophy, segmental, hyperlipoproteinaemia and (monkey) ... 32
border, photocoagulation lesions close to, visual loss and ... 517
disease, computerised visual field evaluation and 52
experimental hyperlipoproteinaemia and (monkey) ... 32
gliosis, hyperlipoproteinaemia and (monkey) ... 32
granulomas, in ocular sarcoidosis ... 11
head, morning glory syndrome, basal encephalocele and ... 349
hypoplastic, gliotic, in trisomy 18 ... 165
NMR image ... 338
neuropathy: anterior ischaemic, recurrences ... 705
ischaemic, in pulseless disease ... 389
posterior, treatable, orbital haemorrhage and prolonged blindness and ... 549
Orbit/Orbital:
decompression, posterior optic nerve damage and 549
disorders, lymphoproliferative, diagnosis and pathogenesis, immunological approach to ... 561
fat, NMR images ... 339
haemorrhage, prolonged blindness and, treatment 549
implant, magnetic ... 315
laceration, water jet from irrigation sprinkler causing ... 840
lymphoid proliferation, four categories ... 569
nuclear magnetic resonance imaging ... 333
pseudotumours: idiopathic inflammatory: steroid response, radiotherapy and ... 571

measurement, lights of 2 wavelengths and 431
spectral: in macular degeneration 508
measurement and clinical applications 504
Thrombocytopathy, familial, familial exudative vitreoretinopathy and, pedigrees 755
β-Thromboglobulin levels, in retinal vein occlusion 143
Thyroid suppression, high cholesterol diet and, hyperlipoproteinaemia due to (monkey) 32
Timolol:
nadolol and diacetyl nadolol compared with, in glaucoma 668
pindolol compared with, effect on intraocular pressure in glaucoma 228
therapy in open-angle glaucoma, visual field survival and 220
topical, 0·25% and 0·5% compared, in chronic simple glaucoma 216
Tissues, ocular:
extracts, Dacron degradation by, scanning electron microscopic study 542
soft, injury, sport and 838
Tomography, computed:
granular cell myoblastoma arising in medial rectus and 18
inflammatory orbital pseudotumour, response to radiotherapy, prediction and 570
orbital, high-resolution, solitary choroidal mass in systemic sarcoidosis and 827
retinoblastoma, diagnosis and 588
Tonography, water drinking test and, fistulising bleb, evolution and 655
Tonometer, disinfection, viruses and 674
Toxoplasmosis, serum antibody responses to bovine retinal S-antigen in 681
Trabeculectomy:
cataract extraction simultaneously with 67
panretinal photocoagulation and, in neovascular glaucoma 526
quantitative 67
Tracer, drainage from compartments, lacrimal scintigraphy data compartmental analysis and 716
Trachoma, East Jerusalem children 332
Trisomy 8 mosaic syndrome, corneal opacities as diagnostic feature in 619
Trisomy 18:
central nervous system findings 163
intraocular pathology in 162
ocular histopathology 166
systemic findings in 162
Tumour/Tumours:
extract angiogenesis factor, quantitation, radioimmunoassay and 286
intraocular, experimental, carmustine, sustained release, in (hamster) 479
melanocytic, uveal, γ enolase in 247
neuroendocrine, malignant, lid, elderly and 600
ocular, temporal canthus reconstruction and 267
pseudo-: orbital: idiopathic inflammatory, radiotherapy for 570
lymphocyte proliferation and, immunological study 561

Comparison of 2 interferometers for predicting visual acuity in patients with cataract B. L. HALLIDAY AND J. E. ROSS 273
Day-case cataract surgery R. M. INGRAM, D. BANERJEE, M. J. TRAYNAR, AND R. K. THOMPSON 278
Combined posterior contusion and penetrating injury in the pig eye. III. A controlled treatment trial of vitrectomy ZDENEK GREGOR AND STEPHEN J. RYAN 282
Quantitation of angiogenesis factor in bovine retina and tumour extracts by means of radioimmunoassay S. SHAHABUDDIN AND S. KUMAR 286
Multifocal fibrosclerosis associated with suprasellar and macular lesions D. J. BRAZIER AND M. D. SANDERS 292
Ocular sympathetic denervation associated with ocular hypertension: a case report D. J. BRAZIER 297
Ocular morbidity in infants of very low birth weight C. G. KEITH AND W. H. KITCHEN 302
Candida endophthalmitis in a heroin addict: a case report J. F. SALMON, BETTY M. PARTRIDGE, AND D. J. SPALTON 306
Abnormal evoked potential latencies in amblyopia SAMUEL SOKOL 310
Magnetic orbital implants A. D. ATKINS AND M. J. ROPER-HALL 315
Corneal thickness response to high and low water content lenses in aphakic eyes SVEN ERIK G. NILSSON AND JUDITH A. MORRIS 317
Bilateral and unilateral mesodermal corneal metaplasia VOLKER KLAUSS AND KLAUS RIEDEL 320
Mycobacterium chelonei keratitis: a case report DONALD J. MIRATE, DAVID S. HULL, JOHN H. STEEL, JR, AND MARY JO CARTER 324
Astigmatism following retinal detachment surgery R. GOEL, J. CREWDSON, AND A. H. CHIGNELL 327
Simple method for auto-ophthalmoscopy JAMES CRAGGS 330
Correspondence 332
Notes 332

No. 6 June 1983

Nuclear magnetic resonance imaging of the orbit IVAN MOSELEY, MICHAEL BRANT-ZAWADSKI, AND CATHERINE MILLS 333
Acute morning glory syndrome: report of a case K. RUBINSTEIN 343
Morning glory syndrome with contractile peripapillary staphyloma G. CENNAMO, A. SAMMARTINO, AND F. FIORETTI 346
Basal encephalocele and morning glory syndrome JOSEPH CAPRIOLI AND ROBERT L. LESSER 349
Glaucoma screening by means of an optic disc grid R. A. HITCHINGS, D. B. BROWN, AND S. A. ANDERTON 352
An optic disc grid: its evaluation in reproducibility studies on the cup/disc ratio R. A. HITCHINGS, C. GENIO, S. ANDERTON, AND P. CLARK 356
Ocular hypertension and posture T. J. K. LEONARD, M. G. KERR MUIR, G. R. KIRKBY, AND R. A. HITCHINGS 362
Acute glaucoma: results of treatment by bilateral simultaneous iridectomy, now without admission to hospital R. M. INGRAM AND J. R. ENNIS 367
Cytomegalovirus retinitis: a manifestation of the acquired immune deficiency syndrome (AIDS) ALAN H. FRIEDMAN, JUAN ORELLANA, WILLIAM R. FREEMAN, MAURICE H. LUNTZ, MICHAEL B. STARR, MICHAEL L. TAPPER, ILYA SPIGLAND, HEIDRUN ROTTERDAM, RICARDO MESA TEJADA, SUSAN BRAUNHUT, DONNA MILDVAN, AND USHA MATHUR 372
Argon laser treatment of senile retinoschisis Y. YASSUR, R. FELDBERG, R. AXER-SIEGEL, B. SILVERSTON, R. MANOR, AND I. BEN-SIRA 381
Effect of the method of enucleation of the prognosis of choroidal melanoma CLIVE MIGDAL 385
Ischaemic optic neuropathy in pulseless disease T. J. K. LEONARD AND M. D. SANDERS 389
Slow-release artificial tear inserts in the treatment of dry eyes resulting from the oculomucocutaneous syndrome P. WRIGHT AND R. VOGEL 393
Gold as an intraocular foreign body S. C. SEN AND ABHIJIT GHOSH 398
Correspondence 400
Book reviews 401

No. 7 July 1983

Rod and cone activity in patients with dominantly inherited retinitis pigmentosa: comparisons between psychophysical and electroretinographic measurements G. B. ARDEN, R. M. CARTER, C. R. HOGG, D. J. POWELL, W. J. K. ERNST, G. M. CLOVER, A. L. LYNESS, AND M. P. QUINLAN 405

A modified ERG technique and the results obtained in X-linked retinitis pigmentosa G. B. ARDEN, R. M. CARTER, C. R. HOGG, D. J. POWELL, W. J. K. ERNST, G. M. CLOVER, A. L. LYNESS, AND M. P. QUINLAN 419
An automated static perimeter/adaptometer using light emitting diodes W. ERNST, D. J. FAULKNER, C. R. HOGG, D. J. POWELL, G. ARDEN, AND VAEGAN 431
Relationship between the amplitudes of the b wave and the a wave as a useful index for evaluating the electroretinogram IDO PERLMAN 443
A genetic analysis of retinitis pigmentosa J. A. BOUGHMAN AND G. A. FISHMAN 449
Acute retinal necrosis SEIJI HAYASAKA, TOSHIHIRO ASANO, KAZUYUKI YABATA, AND ATSUSHI IDE 455
Birdshot retinochoroidopathy and subretinal new vessels G. SOUBRANE, G. COSCAS, M. BINAGHI, P. AMALRIC, AND J. A. BERNARD 461
Keratoprosthesis: a long-term review J. J. BARNHAM AND M. J. ROPER-HALL 468
Conjunctival excision or lamellar scleral autograft in 38 Mooren's ulcers from Sierra Leone J. S. STILMA 475
Sustained release of carmustine (BCNU) for treatment of experimental intraocular malignancy LUKE H. S. LIU, MIGUEL F. REFOJO, CHUO NI, NORIO UENO, AND DANIEL M. ALBERT 479
Cyst of accessory lacrimal gland J. A. DURÁN AND J. CUEVAS 485
Steroid responsiveness in connective tissue diseases HANNAH GASTON, M. J. ABSOLON, O. A. THURTLE, AND M. A. SATTAR 487
